(Demy 8vo. Pp. 172 with 36 illustrations. Price Rs. 2-8. Packing & postage 4 As., V.P. charges extra)

Based on original scientific research, direct traditional teaching and wide practical experience, this hand-book of Pranayama will serve as a self-instructor. It details very minutely the technique of Ujjayi, Kapalabhati and Bhastrika. No safer and more reliable guide has ever been presented to the practical students of Prayanama. Although complete in itself as a practical guide, this hand-book does not contain much of scientific material published in Yoga-Mimansa on the subject of Pranayama. Hence persons wishing to have a thorough and intelligent grasp of both the theory and practice of Pranayama must go in for Volumes III and IV of the journal. Both can be had of :

The Manager, YOGA-MIMANSA OFFICE, Borivli, B. B. & C. I.

Advocated Pelmanism—The World famous System of Mind

"T. P."

M. P.

and

PELMANIST

He was a Great Believer in the business value of Pelmanism.

"Of two young men in business," he wrote, "one takes the Pelman course and the other does not. Other things being equal, the young man who takes a course will quickly pass the one who has not availed himself of this advantage (Pelmanism) in the race of Life."

"The system is all that it professes to be. It is not only unique in itself but deserves well of the country and of the World."

The Late Rt. Hon. T. P. O'Connor

Pelmanism builds better Brains. It banishes Timidity, Self-Doubt and as the "Inferiority Complex." It drives the dark clouds of depression away harmful, morbid and "defeatist" thoughts. It provides a remedy for that. It strengthens your Will-Power. It gives you Courage, Initiative, Determination, Confidence. Pelmanism quickens Perception, stimulates Imagination and concentration.

*Write to-day for a copy of "The Efficient Mind,"

Pelmanism is simple to follow and will take 30 minutes a day for three months. It is receiving the attention of thoughtful men and women throughout the world.
